EPDs	22	38	0.46	-0.12	-0.18	51.01

This homozygous polled bull is powerfully made, big hipped and deep ribbed. 539D's dam is flawless in her phenotype, just like her son. EPD's for weaning and yearling rank in the top 2% and 4% respectively.

## BEEF PROFITABILITY \$\$\$\$\$\$

Combined industry research indicates Limousin cattle, on average, have a \$45 per head feed cost advantage and a dressing advantage of 1-2%.

Further data indicates each increase in dressing percentage equates to an additional \$25 per head.

AEGG Dark Chocolate 677D is an 87% purebred, with WULFS Nobel Prize being an influence in her breeding. As a yearling she pelvic measured over 170 and is bred to AEGG Duramax 616D an easy calving bull with a birth weight EPD in the top two percent. She should have her first calf with ease and be ready to breed back and keep having calves.

great SBLX True Love cow. Truly an opportunity to add a premium individual to your program.

## NALF-Tyson Fresh Meats LIMOUSIN GRID Market Cattle on the Limousin Grid

**Marketing Opportunity for Limousin cross fed cattle. For more information contact the NALF office at 303-220-1693 or visit NALF.**

The North American Limousin Foundation (NALF) in an effort to further promote Limousin genetics, has teamed up with Tyson Fresh Meats to create a value-added cattle feeding pricing program. Tyson is offering feeders the opportunity to market cattle on a Limousin Grid, which is designed to pay substantial premiums for conventionally fed cattle. This grid rewards cattle that excel in quality and yield grade.

Limousin cross cattle have the ability to do well on this grid given their natural ability for yield and grade. The advantages of Limousin cattle to put a high percentage of cattle into the Yield Grade 1 and 2 categories while achieving quality grade standards when fed correctly with a moderate implant program equals premiums for the feeder.

## 2017 KANSAS “Commercial Producer of the Year”

Wayne Grimm and his family were awarded the KLBA “Commercial Producer of the Year” by Dean Summerbell.

KLBA would like to congratulate Wayne and Kent Grimm and their families for being selected as the 2017 Commercial Producer of the Year. Wayne and Kent run their livestock and grain operation under “Summit Farms” in Morrill, Ks. Wayne oversees the livestock operation and he appreciates the ease of calving, growth and increased docility of Limousin.

- Calving Ease & Calf Vigor • Feed Efficiency
- More Pounds to Sell at Weaning
- Tested & Proven Docility
- Cow & Bull Longevity • Carcass Merit

### **CATTLE SELL UNDER TERMS & CONDITIONS OF THE NORTH AMERICAN LIMOUSIN FOUNDATION**

The information on bulls in this catalog: All Birth Weights are Adjusted, All Weaning Weights are Adjusted to 205 Days and Yearling Weights and Scrotal Measurements are Adjusted to 365 Days of Age. Bulls which were too young for Yearling Adjusted at catalog printing will be announced sale day. Listing EPDs for CW, REA, YG, MARB if available. All bulls have passed a breeding soundness exam. All EPD's are for Spring 2017.

**All persons who attend the sale do so at their own risk. Neither KLBA or the consignors assume any liability, legal or otherwise, for accidents that may occur.**
